Dear students

**IMPORTANT NOTICE: FINAL CALL FOR SEMESTER FEES CLEARANCE.**

This is our final reminder to all students who paid their 2022 fees in instalments.

The fees should be up to date on or before the 31 May 2022 to avoid interruption. Please note that **no student will be allowed to write exams with fees arrears**, we will not be able to assist since our examinations are now being run and scheduled by World Assessment Council (WAC) therefore use this time to clear your fees.

**NB: When students are paying with ZWL kindly contact the office to confirm the correct amount before payment.**

Once more thank you for choosing the Institute of Sustainable Project Planning, Monitoring and Evaluation.

Warm Regards
