MESSAGE FROM PRINCIPAL

Mrs. L.K. Magutsa

It gives me great pleasure to warmly welcome all students to the Institute of Sustainable Project Planning, Monitoring and Evaluation and trust that you are well and safe. We believe that you are ready for the start of a new journey and ready to enrich ourselves with sustainable knowledge. Congratulations to those of us who have taken up the opportunities which today's world has offered us to acquire sustainable knowledge and not wasted our time and energy on mourning the losses or pining for a world of yesterday!

As the Principal of ISPPME, I am delighted that the Institute's values will align with your own personal values, including the importance of honesty, respect, innovation, teamwork and a deep sense of excellence.

ABOUT US

ISPPME is a registered professional online and distance learning institute with an objective to promote excellence and sustainability in project planning, management, monitoring and evaluation. The institute seeks to improve knowledge skills in professional project management and use of sustainable tools. The programs offered by the institute also play a crucial role towards the realization of Zimbabwe's 2030 vision of becoming upper middle-income economy.

The institution enables students to produce sustainable projects that live long and assist the economy. Apart from that, ISPPME provides the shared blueprint for amity and prosperity for people now and in the future through pursuing the 2030 Agenda for Sustainable Development, adopted by all United Nations Member States in 2015.

ISPPME

Sphere of Excellence and Sustainability

OUR MISSION, VISION AND CORE VALUES

VISION

Institute of Sustainable Project Planning, Monitoring and Evaluation will be recognized internationally as a premier institute providing excellence in digital education, consultancy, project sustainability, workforce training, partnerships, and economic development, in a rapidly advancing world, using technology to broaden and support learning opportunities.

MISSION

To enable economic growth through meaningful sustainable projects by providing high quality, student-centric, experiential innovative digital education, to grow, thrive, projects that support communities and protect the environment beyond the classroom.

CORE VALUES

Built on the vision that sustainable project planning, monitoring and evaluation serve as a keystone in developing society and building better futures for all we commit to our core values of-:

Excellence

Student Focus

Respect and Integrity

Creativity

Gender Equality

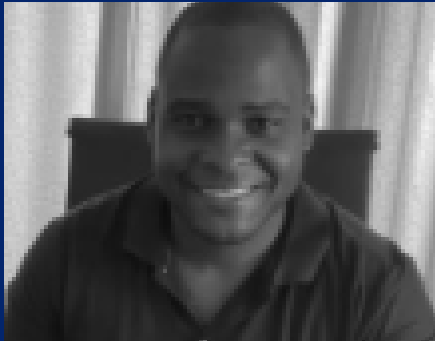

Collaboration and Public Engagement

Accountability

Continuous Improvement

MEET THE TEAM

Mr. Matinha

Academic Registrar

I am pleased that at ISPPME we endeavor to give you a wholesome educational understanding that allows you to recognize these discrepancies and thus empowering you to address the same through the perspectives incorporated in our teaching programmes. Education should amplify students' perception of the world around them.

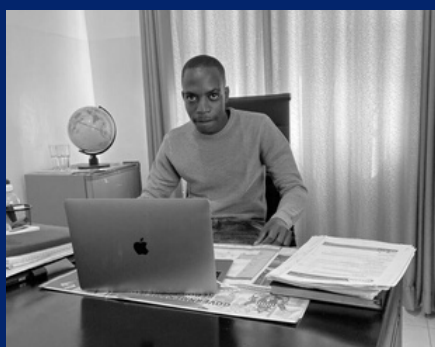

Mr. Manjemu

System Administrator

Mr. Magumise

Information Technology Officer

Academic Affairs

Last year, July 2022, ISPPME signed a memorandum of understanding with Midlands State University. Midlands State University will be responsible for monitoring and regulating all academic activities of ISPPME from the application/ admission stage to the certification upon completion of the course for quality assurance purposes.

Early, this month Dr Chibanda, Chairperson of Arts at MSU came to inspect our exams which were to be written by the students of August 2022 intake.

The exams process was successful. Students started their exams on the 27th of January 2023-29th of January 2023

As you know, for securing exams online, we are affiliated with World Assessment Council, and we also use artificial intelligence such as Webcam.

Furthermore, Vivas for postgraduate diploma and undergraduate diploma level (1.2) was also conducted this month. Students were presenting and defending their dissertations online.

OUR PROJECTS

SHORT COURSES

This year we have introduced short courses in different areas for students who want to acquire different skills in a particular field, our online short courses include:

Project Finance and Risk Management
Data Analytical Software
Geographical Information System
Monitoring and Evaluation
Resource Mobilization
Environmental Impact Assessment
Events Management
and many more

Short courses have a duration of 5 weeks and its \$150 for the whole course.

We have a special promotion to those who come as group of at least 5 people, the cost will be \$100/person.

TRAININGS AND WORKSHOPS

ISPPME in collaboration with Continental Horizon offers trainings, workshops and consultancy services to both individuals and organizations. Our mission is to deliver training and development solutions to support individuals and organizations of all sizes in all market segments, providing them with a sustainable, competitive advantage.
